

D150-200

Product features

- Input voltage: 90 ~ 305Vac;
- Isolated constant power design;
- Off-line programmable;
- 0-5V/0-10V/PWM/timer dimming, optional reverse dimming, Dim-to-off, CLO, work log function;
- Surge protection: DM 6KV, CM 10KV;
- All-around protection: output SCP, OVP, OTP;
- Degree of waterproof: IP67;
- Warranty: 5 years.

Application

Suitable for LED roadway lighting, industrial lighting, landscape lighting, etc.

Model	Powe (W)	Output voltage (Vdc)	Full power current adjustable range (A)	Default output	Typ. Eff.	Typ. PF	Dimensions (L*W*H)mm
D150-200	150	107~214	0.70~1.05	107~214V/0.70A	92.00%	0.97	173.6*68*37
